TU/e Supervisor
(Assistant, associate or full professor)

Date

.....

¹ See table 1 under 'Explanation'.

² See table 2 under 'Explanation'.

³ The student passes the internship if the final grade is 6.0 or higher.

Explanation

Context of the form

This form is part of the procedure: Assessment Internships MSc ME. This procedure consists of three steps:

1. Assessment by the external supervisor
2. Assessment by the TU/e supervisor
3. Grading by the TU/e supervisor

The results of step 1 and 2 are input for step 3.

Purpose of the form

The form facilitates the third step.

How to use the form

The TU/e supervisor comes to a verdict by taking into account

- the assessment of the external supervisor of the approach and execution of the internship and
- his/her own assessment of the report and the presentation.

The TU/e supervisor is the only person who is authorized to grade the internship. Therefore he/she has to treat the assessment by the external supervisor as feedback that may be overruled by the TU/e supervisor.

Completion

The TU/e supervisor delivers this form to the CSA ME.CSA@tue.nl.
